Public Records Request Response

Tuesday, March 31, 2026

Final Response to PRR-2261-2026 – Part 2:

As to the request for “The total number of Flock Safety cameras currently deployed in or accessible to BPD, and their general locations by street intersection or block-level description. These are fixed, publicly visible assets installed on public rights-of-way and are not exempt under officer safety or security infrastructure exemptions,” the Bakersfield Police Department has determined that all responsive records shall be withheld in the interest of public health and safety.

Under Government Code Section 7922.000, withholding this information better serves the public interest as it preserves the integrity of law enforcement investigations and ensures the continued success of public safety programs.

- ☒ Authorization for release is denied pursuant to:
 - ☒ CA Government Code 7922.000 *Public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record.*

Final Response to PRR-2261-2026 – Part 4:

As to the request for “All annual ALPR audit reports required by Civil Code § 1798.90.53, for every year from deployment to present”.

- ☒ No such record(s) exist, or this office does not maintain record(s) responsive to your request.

Final Response to PRR-2261-2026 – Part 7:

As to the request for “Any data sharing agreements or arrangements with federal agencies, including ICE, HSI, or the FBI, regarding access to BPD's Flock Safety data”.

- ☒ No such record(s) exist, or this office does not maintain record(s) responsive to your request.
